MARION JOTOHOT

Butuan City, Agusan Del Norte (8600), Caraga, Philippines
marionjotohot@gmail.com | Portfolio: https://marionjotohot.vercel.app/

SUMMARY

Frontend web developer with experience building responsive, user-focused web applications for diverse clients. Focused on translating requirements into clean, maintainable interfaces using modern JavaScript frameworks and contemporary web development tools

SKILLS

- **Frontend:** React, Next.js, Vue, JavaScript (ES6+), Tailwind CSS, Daisy UI, Shadcn UI
- **State & Data Management:** Zustand, TanStack Query, Pinia, RESTful APIs
- **Backend:** Laravel, Supabase (authentication, database, CRUD, serverless functions)
- **Database:** PostgreSQL (Supabase), MySQL
- **API & Libraries:** Leaflet Map API, Charts.js, jsPDF, Html2Canvas, react-to-print
- **Tools & Workflow:** Git & Github, AI-assisted development tools, Vercel (Deployment)

WORK EXPERIENCE

Freelance Web Developer (Various Clients)   Oct 2024 - Present

- Refactored client admin dashboard by migrating from Vuetify to Tailwind CSS, debugging and fixing broken features in the process
- Restored critical functionality including authentication, real-time updates, and data management in Vue 3/Pinia/Supabase stack
- Improved code maintainability by addressing technical debt and architectural issues in existing codebase
- Built capstone projects with React, Zustand, and TanStack Query, focusing on efficient state management and API optimization
- Managed version control with Git and collaborated with team members

Web Developer Intern (Caraga State University - Navigatu TBI)   Jan 2024 - May 2024

- Contributed to web development projects using React and Laravel, working alongside senior developers in an Agile environment
- Built responsive UI components using Tailwind CSS, ensuring consistent design across different screen sizes
- Participated in client requirement gathering sessions and translated specifications into technical documentation
- Collaborated with team members using Git for version control, conducting code reviews and implementing feedback

EDUCATION

Bachelor of Science in Information Technology   Sep 2020 - Jun 2024
Caraga State University - Main Campus

- Thesis: Developed a mobile essay checker using OCR and Generative AI to automate grading and feedback
